

St. Joseph Ministry

Our Mission:

The St Joseph Ministry serves the St. Mary's community by providing parishioners interested in home repair and building trades (all skill levels welcomed) with opportunities to contribute to parish life and community outreach.

What does St. Joseph do?

Monthly:

Help with maintenance jobs around the church, set up for worship services, special events and to assist parishioners with special requests.

Quarterly:

Special church clean up days to include Advent Clean-Up and Lenten Clean – Up Days.

Annually:

Rebuilding Together is the last Saturday in April (April 26th, 2025). For over 25 years, the St. Joseph ministry has provided the project management team for St. Mary's to help update a local home (and / or non – profit) with necessary improvement and repairs for the elderly, low income, physically challenged and veterans. It is the largest intergenerational volunteer event at St. Mary's.
